PROFESSIONAL SUMMARY

IT Support & Systems Administration professional with hands-on experience managing 80,000+ users and 5,000+ endpoints across hybrid enterprise environments. Proficient in Microsoft 365, Azure Entra ID, Intune, Active Directory, Identity and Access Management (IAM), and endpoint security (RMM/EDR). Demonstrated ability to maintain 97%+ SLA/KPI targets following ITIL-aligned practices, automate administrative workflows via scripting, and deliver Tier 1–2 support at scale. Holds AZ-900 and a 3.7 GPA in Computer Systems Technology.

TECHNICAL SKILLS

- **System Administration & End-User Support:** Windows OS, Active Directory, Intune, Microsoft 365 (O365), Exchange, Group Policy management, enterprise printing solutions (PaperCut), VoIP systems
- **Security, Monitoring & Access Management:** User provisioning/deprovisioning, password resets, MFA/SSO issues, patching & updates, endpoint monitoring, RMM & EDR, alert triage, failure analysis
- **Network Infrastructure & Troubleshooting:** LAN/WAN, VLANs, TCP/IP, DHCP, DNS, VPN, Wi-Fi configuration & troubleshooting, firewall basics, switches, Laser Printers, Zebra Printers, IoT devices
- **Cloud & Virtualization Technologies:** Microsoft Azure, AWS, Cisco Packet Tracer, VirtualBox, HyperV
- **Scripting & Automation:** Python, JavaScript (automation and troubleshooting), PowerShell
- **Database & Data Tools:** SQL, Microsoft SQL Server, Azure Data Studio
- **Web & CMS Support:** HTML, CSS, JavaScript, PHP, WordPress
- **Monitoring, Ticketing & Asset Management:** RMM tools, Jira, Kibana, Microsoft Excel, ServiceNow
- **Collaboration & Documentation:** Confluence, Microsoft Office Suite, Google Workspace, Slack

PROFESSIONAL EXPERIENCE

triOS College

Mississauga, ON

IT SUPPORT TECHNICIAN

January 2025 – Present

- Engineered a Zero Trust security framework for 90k hybrid identities via Azure Entra ID, achieving a 97% SLA by optimizing GPOs and RBAC protocols.
- Reduced mean operational downtime by 20% through automated lifecycle management of 51k endpoints using SCCM, Intune, and Azure Autopilot.
- Eliminated critical network bottlenecks using Wireshark and Nmap for deep-packet analysis, ensuring high-availability for enterprise telephony and infrastructure.
- Maintained industry-leading first-call resolution (FCR) for Tier 1-2 support via Jira, resolving complex hardware, network, and Kantech/HVAC automation failures.
- Reclaimed significant administrative bandwidth by developing Python and SQL scripts to automate user provisioning and the management of enterprise LMS and AV systems.

Amazon

St. Thomas, ON

QUALITY COACH

June 2024 – Present

- Utilized Kibana dashboards and internal analytics platforms to monitor operational KPIs, identify incident trends, and surface recurring failure patterns in a high-throughput, SLA-driven environment.
- Conducted structured root-cause analysis (RCA) on systemic issues, implemented corrective process changes, and reduced defect rate by 23% over two quarters.
- Produced daily operational performance reports and documented findings in internal wikis, ensuring traceability and audit readiness across cross-functional teams.
- Coordinated incident communication and workflow escalations via Slack and Amazon Chime, improving team response efficiency by 25% through standardized runbooks and coaching.

EDUCATION

Mohawk College

Computer System Technician - Software Support

Mississauga, ON

September 2023 - December 2025

TECHNICAL PROJECTS

- Built a Proxmox based virtualized lab simulating enterprise infrastructure with multi-node Linux
- Implemented hybrid identity (Active Directory + Azure Entra ID) with SSO, MFA, and RBAC policies

PROFESSIONAL CERTIFICATIONS

- Microsoft Certified: Azure Fundamentals (AZ-900)
- Explore a Career in IT Support
- Introduction to Cisco Packet Tracer
- CompTIA IT Fundamentals (FCO-U6) Cert Prep 1: Computer Basics, Hardware, and Operating System
- Networking Foundations: Networking Basics
- Learning ITIL

ACHIEVEMENTS

- President's List & Graduated with Honors - Mohawk College
- Dean's Honor List - 4 consecutive academic terms - Mohawk College
- 2nd runner-up, National Science Exhibition - 2019

VOLUNTEER EXPERIENCE

Mohawk College

STUDENT AMBASSADOR

Mississauga, ON

September 2023 – December 2025

- Represent Mohawk College by guiding prospective students and families through campus tours and academic opportunities.
- Participate in outreach and recruitment events, sharing personal experiences to promote the college's culture and community.
- Assisted in organizing and hosting multiple on-campus events and convocation ceremonies to ensure professional and welcoming execution.
